

## Social Security Number Privacy Protection Policy

Ally Financial group\* collects social security numbers as necessary to support state and federal legal requirements, to provide products or services to you, and to meet our human resources needs. We restrict access to social security numbers to employee, agents, service providers, and government entities who need social security numbers to support those purposes. We strive to protect social security numbers from unlawful disclosure and keep them confidential by maintaining physical, electronic and procedural safeguards that comply with applicable state and federal regulations.
