GMAC Insurance and OnStar Have Partnered Dealers Get the Benefit

General Motors vehicles equipped with OnStar now have OnStar activated at the factory. Because OnStar is activated, dealers can enhance the likelihood of a recovery in the event of an equipped vehicle's theft. To support the use of OnStar in the recovery effort Ally Insurance has endorsed all policies to waive any deductible incurred due to the theft of an activated OnStar equipped vehicle that is stolen and recovered within 30 days of the theft, provided the theft is reported to OnStar.

Terms of the Endorsement:

- The insured dealership places two phone calls within 24 hours of the discovery of the theft:
 - One to local law enforcement reporting the theft.
 - One to OnStar 1-888-466-7827, press 1 for English, 1 for Emergency, 1 for stolen vehicle.
- The stolen vehicle is recovered within 30 days of the reported theft.
- If the vehicle was damaged, the dealer's deductible for the incurred damage will be waived.

It is not required that OnStar recovers the vehicle – the deductible waiver applies if the vehicle is recovered by any means.
