Protection You Need.

Now that you've decided to lease, it's important that you understand excess wear and what that could mean to you over the term of your lease. Your vehicle will experience normal wear as the result of everyday usage. That's expected. At Ally, we realize that excess wear may also occur and can result in additional, unexpected charges to you at lease-end. That's why we offer SmartLease Protect.

SmartLease Protect covers the following areas of your vehicle:*

- Exterior surface damage
- Interior and upholstery
- Tires and wheels
- Bumpers
- Glass and light lenses
- Missing equipment and broken parts (including items such as navigation system DVDs, DVD player headphones and remote control)

We Have You Covered.

At lease-end, your vehicle will be turned in and inspected for excess wear and overall condition. You may be responsible for the cost to repair any damaged, missing or worn items. SmartLease Protect can remove the uncertainty of these unexpected charges.*

With SmartLease Protect:

- There is no deductible
- We will cover missing equipment and broken parts with a value of less than \$100 (per part)
- We will waive excess mileage charges up to \$200
- We will waive charges for single items of covered excess wear such as dings and dents that are less than \$1,000 each
 - If you drive less than 25,000 miles per year we will cover excess wear charges up to \$5,000
 - If you drive more than 25,000 miles per year we will cover 50% of excess wear charges up to \$2,500

We're Here To Help.

Experience the **Ally Difference**. If you have any questions about SmartLease Protect, feel free to contact your dealership for complete details.

*See the SmartLease Protect Agreement for information, limitations and exclusions.
